

Scantron - Performance Series Assessment

Scantron's Performance Series tests are completely computer-based and adjust to each child's ability level. Results from these tests provide educators with instant test results, personalized to each student. These results provide a longitudinal view of student growth across semesters or years in Mathematics and English Language Arts.

National Percentile Ranking (NPR) - The NPR uses the student's Scaled Score (child's ability) to compare the student to other students on a national level of the Performance Series National Norm Group within the same grade level.

St. John the Apostle Catholic School NPR Results for 2016-2017:

Diagnostic Test Reports Saint John the Apostle Reading National Percentile Rankings

Report Scope: Locations
Broken Down By: Location

Time Frame: 8/22/16 to 6/30/17
Student Filtering: OFF

Location	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6	Grade 7	Grade 8	Grade 9	Grade 10	Grade 11	Grade 12
Saint John the Apostle	81	83	78	84	74	79	86				

Time Frame Time Frame: 8/22/16 to 6/30/17
Student Filtering: Demographics Demographic Filtering: All Included
Student Filtering: Groups Group Filtering: All Included

NPR Aggregated (a grouping level above student) reporting displays the averaged NPR scaled scores of students in the grouping selected. The NPR compares student scaled scores against the scaled scores of members of the norm group within the same grade level. Different values appear for Fall, Winter, and Spring administrations to reflect the comparison with each respective norm group.
